*SeniorCare*

October 21, 2020

Today, we note with great sadness, the passing of one of our beloved Independent Living Apartment Residents from our Greensburg campus, due to complications of Covid-19. Our prayers are with the family and the residents and employees who considered this resident to be their friend. Because of privacy obligations, we cannot share additional information.

Redstone rigorously follows best practices for isolation, testing, sanitization, and screening. We continue to fight with every resource we have to provide the best and safest care possible for our residents, and to protect our employees. We have been in constant communication with our residents and their family members with updated information.

May we continue to hold each other in prayer as we face this continued challenging time.

Sincerely,

John R. Dickson, IV  
President and CEO
