

NO VISITOR POLICY

March 14, 2020

By order of the CDC and the Federal Government there is a state of emergency that calls for NO VISITING in Nursing Homes and Personal Care Homes. For the wellbeing of your loved ones, we are abiding by this NO VISITOR policy. Limiting the number of people that your loved one comes in contact with increases their ability to stay healthy during this pandemic. Should you have a family member who is near end of life, please call your Campus Director about possible accommodations.

There are no formal restrictions on visitors to our Independent Living and Villa communities at this time, but we ask family and friends to use their best judgment and concern for our residents when considering visiting. Minimizing their contacts will also help to keep IL residents healthy at this time. Independent Living residents may not visit or move about other levels of care.

All those who enter our campus will be required to complete and pass a brief screening process and questionnaire. All visitors must enter through the FRONT DOOR to complete this screening process.

We are taking added internal precautions, as recommended by the CDC to keep our residents and staff safe.

Thank you for partnering with us to keep our residents and staff safe!
