

STOP!

NO VISITORS THROUGHOUT BUILDING!

Tuesday, March 17, 2020

By order of the CDC and the Federal Government there is a state of emergency that calls for NO VISITING in Nursing Homes and Personal Care Homes. For the wellbeing of your loved ones, we are abiding by this NO VISITOR policy.

Beginning on this date, and according to best recommendations of the CDC and LeadingAge PA, we are also strongly encouraging NO VISITORS in our Independent Living Apartment areas. Our IL residents are at significant risk if exposed to COVID-19. We believe that the most loving thing that a family can do is visit via telephone and avoid person to person contact.

Should you have a family member who is near end of life, please call your Campus Director about possible accommodations.

If you wish to have something delivered to your resident, please contact your Campus Director to discuss this.

All those who do enter our campus will be required to complete and pass a brief screening process and questionnaire. All visitors must enter through the FRONT DOOR to complete this screening process.

We are fully aware of how painful these policies are for our families, our residents, and even our employees. Please know that our intention is only to protect our beloved residents at this unprecedented time.
