NEW COURSE: Great Courses-Understanding the Brain: Tuesdays in the Arts and Crafts Room at 1:00pm. Check your calendar for dates. Understanding the Brain scope: "The mind is just the brain doing its job." -*Simon LeVay*- A common theme throughout the course is that the brain represents the biological substrate of the mind. One of the most distinguishing features of what our minds do is to make meaning of the world; this is true whether we are seeing a vase, or pondering our own mortality. Through the workings of our minds whose biological substrate is the brain, we make meaning of our lives and experience. This meaning can then be used to guide behavior.

Coffeehouse Chat with a Snack: Wednesday, November 29th at 11:00am in the Highlanders. Come have a light snack and stay for the conversation! Think about what you are thankful for at this time in your life and share it with the others, if you would like to.
